Bring on the Shade! – A Letter From Our Chairs

Dear Friends:

If you're like us, you're proud to live in a town with amenities like Joshua's Park. Maybe you gave a cash gift five years ago to get the park built. Four hundred people did. We showed how a community can pitch in to deliver a prize legacy for our children and fellow citizens.

And now we have a chance to go one better. A chance to bring much needed shade to the park. A chance to add great cooling-off spots. Great for kids, adults, gardeners, and friends.

Our plan: add two seasonal shade structures to the playground, a wooden pergola for the brick patio, five to seven sizable shade trees, and several new picnic tables and benches.

We had a groundswell of community support five years ago. Now we need the same showing to bring on the shade. You have a host of reasons for giving—

- *To grab this unique opportunity to make a difference in Amherst*
- *To give overheated kids, adults, and gardeners three spots to cool and relax.*
- *To show your passion to enhance Amherst.*
- *To leave a permanent mark you can be proud of.*

With the Amherst Community Foundation taking the lead, with the support of the Amherst Land Trust (the park founder) and the Amherst Recreation Commission, you can be sure your tax-deductible gift will go 100 percent to park infrastructure, not to administration.

And if we move quickly, we'll put your money to work for shelters this summer! The folks at the Recreation Department are ready to install when we give the financial green light.

So join us. Give generously. Imagine a little piece of yourself invested in one of Amherst's favorite parks. This chance to make a tangible difference doesn't come along often.

*Sheila Steele, Chair
Going Undercover Campaign Chair*

*Travis Warren, Chair
Amherst Community Foundation*
